Description

The work comprised of some demolition, remodelling and refurbishment of Shannon Ward on the ground floor of Dennis Scott Unit at Edgware Community Hospital for adult mental health patients.

As part of the remodelling new drainage was required for the creation of ensuite bedrooms, new windows, new floor and ceiling finishes, anti-ligature fittings and furniture and redecoration throughout as well as a full reprovision of mechanical and electrical systems and associated works.

Testimonial

I wanted to write personally to all those who have helped in developing and opening Shannon Ward at Edgware Community Hospital. Having visited the ward recently, I was impressed and am really pleased that patients are being admitted to the ward this week.

The Trust Board, Executive Leadership Team and I are really grateful for the way everyone has worked together to refurbish and open the ward.... Shannon Ward is one of many significant achievements for 'Team BEH' over 2019 and thank you again for your part in this."
